## Find your justice commissioner

The official directory of judicial officers allows you to select the judicial officer best suited to your needs. There are 3,200 judicial officers located throughout France, in all metropolitan and overseas departments.

Search by name or office

By city or postal code

To research

The judicial commissioner exercises a regulated legal profession. He alone is qualified to execute court decisions and is authorized to issue authentic acts.

The judicial commissioner, a public and ministerial officer, legal assistant and local lawyer, can intervene for individuals, businesses or communities, in areas as varied as the amicable recovery of debts, assistance in drafting private deeds, legal consultations or property management. He can also help materialize proof by drawing up a report with probative force before the courts.
